**NOTICE OF PROPOSED RULE MAKING**

**Adopted: June 25, 1997**

**Released: July 11, 1997**

**Comment Date: September 2, 1997**

**Reply Date: September 17, 1997**

By the Chief, Allocations Branch

1. Before the Commission for consideration is a petition for rule making filed by B.B.C., Inc. ("BBC"), requesting the allotment of Channel 260A to Naylor, Missouri, as that community's first local broadcast service. BBC provided an engineering study in support of the proposal and indicated its intention to file an application for Channel 260A at Naylor.

2. In support of its request, BBC states that Naylor is an incorporated city with a mayor and city council form of government. According to BBC, the 1990 Census credits Naylor with a population of 642 people and the Missouri Office of Administration estimates that Naylor has experienced an additional 6.2% increase in population between 1990 and 1995. BBC points out that Naylor has its own post office and zip code, municipal library, police department and volunteer fire department and the local school system provides education from kindergarten through the twelfth grade. BBC believes Naylor is qualified to receive its first local broadcast service thereby serving the highest of the Commission's allocation priorities.

3. We believe the proposal warrants consideration because the proposed allotment would provide a first local service to Naylor, Missouri. Channel 260A can be allotted to Naylor in compliance with the Commission's spacing requirements without a site restriction.<sup>1</sup>

4. In view of the fact that the proposed allotment would provide a first local FM service to
